Goblins Strut And Wins PTA Awards

Little goblins and big goblins scampered over the school house lawn in Canal Point Saturday night and finally found their way into the parade before school patrons assembled in the school auditorium. Before a panel of judges composed of Mr. and Mrs. Otto R. Bleech, Luke Dufresne, Mrs. Glenn Powell and Mrs. E. A. Jensen well over a hundred youngsters appeared in all sorts of costumes in celebration of the Halloween event and in search of those silver dollars given as prizes.

As usual the stage at the Canal Point school was beautifully decorated in the Halloween motif and this artful work was done by Mrs. Huddle and her fourth grade and members of the third grade. To help make up the total of \$208.49 for the PTA many games and a food booth were centers of attraction throughout the evening. There was a dart game, a fish pond, a pony ride, candy and cookie sale, the house of horrors and the sale of popcorn—all of which brought in their fair share of the total. A country store and a talent show in the auditorium also helped to bring in cash for PTA work.

Highlight of the evening was the parade of youngsters in varied costumes. There were four categories of competition for prizes: most original, most comical, most typical of Halloween and most beautiful.

Named as chairman of standing committees for the coming year were Lloyd Hundley, agricultural; Curtis Chase, industrial; Robert Fisher, merchants; Wiley Tillis, special events; C. R. It was announced that the Chamber again this year will be a co-sponsor, together with the City of Pahokee and the Florida Power and Light Company, of Christmas lighting and decorations in downtown section of the city. The stringing of the lights is scheduled to start Nov. 17, with additional strings to be added this season.

The board voted to change from night meetings to luncheon meetings, starting in December. It was also voted to change the hours the chamber office is open from 9 a. m. to 5 p. m., as has been the custom in the past, to 8:30 a. m. to 4:30 p. m.

Mrs. Robert Fisher, accompanied by Hazel Hunger, has returned from St. Petersburg where she visited her brother, Otto Underwood, a student at the St. Petersburg Junior College.

Garden Clubs To Study Tray Making

Plans for making attractive favors for the food trays of patients at the Everglades Memorial Hospital on holidays and other special occasions were discussed by the therapy committees of the Pahokee and Canal Point Garden Clubs at a joint meeting at the home of Mrs. Lloyd Hundley, therapy chairman for the Pahokee Club. The Canal Point Club was represented at the meeting by Mrs. A. R. Chastain, Mrs. W. W. White and Mrs. Glenn Powell; the Pahokee Club, by Mrs. J. V. Chastain, Mrs. Myra Flumer, Mrs. J. R. Deer Season Set On New Date Nov. 30

A nine-day postponement of deer hunting season in a three-county segment of South Florida has been ordered by the state Game and Fresh Water Fish Commission.

Originally slated for Nov. 21, the opening date has been pushed back to Nov. 30. "We are trying to do what we think is best both for the deer herd and for sportsmen," Commission Director Bob Aldrich told The Herald.

Abnormally high water in the sawgrass areas of the Everglades was given as the reason.

Closed to deer hunting are: all of Broward County; all of Palm Beach County south of Conservation Area No. 1; all of Dade County north of the Tamiami Trail. Included in the order is a small strip of eastern Hendry County near Levee No. 2.

Exempt is a small patch of ground on the east side of Conservation Area No. 1 in Palm Beach County.

The deer season will be postponed further, perhaps canceled entirely, if the high water doesn't drop. The deer population is in trouble.

Amendment Loses; M. Carpenter Wins

The amendment to redistrict the state legislature lost in Tuesday's special election with the three lower east coast counties—Palm Beach, Broward and Dade—leading the parade of votes which defeated the amendment.

Of interest locally was the school trustee race in which Milton Carpenter of Belle Glade defeated A. Roswell Harrington of Canal Point by a vote of 4,263 to 4,116 for a majority of 147 votes.

FARM BUREAU DELEGATE

Mr. and Mrs. Walter Kautz of Canal Point will leave this weekend for Clearwater where he will serve as delegates of the Everglades Farm Bureau to the State convention of the Florida Farm Bureau Federation being held in that city, Nov. 8-10.

Joan Hadacabney of West Palm Beach was a guest Sunday of Mr. Mrs. A. E. Funderburg. Miss Hadacabney, a nurse, was accompanied by her roommate.

Pete deMoya Is RDB President

P. P. deMoya of West Palm Beach, a resident of Pahokee for 13 years prior to 1951, was elected president of the Resources Devel-

also served as the second president of the countywide organization in 1944-46. While in Pahokee, he was president of the chamber of commerce and of the Rotary Club.

He will succeed Luther Jones, Belle Glade publisher, who was commended by the board for his successful administration and recognized for his work on behalf of county unity, flood control and water conservation for more than a decade.

Robert C. Brown of Riviera Beach was named first vice-president; M. C. Dan Avery of Boynton (continued on page 8)

More Retread For Glades Area Road

Bids will be received in Tallahassee on Nov. 19 for retreading 7.2 miles of State Road 80 from Six Mile Bend east of Belle Glade northeast and east toward 20 Mile Bend. This stretch of road is in particularly bad condition, according to County Commissioner Vice Chairman Paul Rardin who said the resurfacing would consist of Type 2 Asphaltic Concrete. To the uninitiated this is hot black top mix.

Activity Plans PTA To Be Outlined

Herman Austin, principal of the Pahokee Elementary School, will outline activity plans for his school for the current school year at the November meeting of the Pahokee Parent-Teacher Association in the high school auditorium Monday night, starting at 8 o'clock.

(Bill) Moss, president, will preside at both the meeting and the session of the executive board which will precede the general meeting.

Mrs. O. B. McClure is a patient at the Everglades Memorial Hospital this week.

Herman Austin Is Lions Speaker

Herman Austin, principal of the Pahokee Elementary School, was guest speaker at the Tuesday luncheon meeting of the Pahokee Lions Club. Introduced by R. B. Simonson, he gave some of the highlights of the European tour which he and his wife made last summer. Sweet Corn Brings Only \$1.50 A Crate

Okeechobee Region farmers are of the do or die spirit and heavy rains don't seem to deter them from harvesting or planting—they are always at it. Last week corn was harvested in the rain and beans were being planted soon after heavy showers.

On Thursday morning of this week corn was still in the dog house—bringing only \$1.50 per crate. Oct. 5 at the start of the season the delicious vegetable brought \$4.00 per crate, so a grower never knows what to expect for his offering.

Between 40 and 50 cars are rolling to market daily from this section and volumes are expected to increase considerably next week.

Prices on green beans rose as high as \$6.10 a hamper Monday. Varieties being shipped were mostly tenders and wades with a few tendergreens and valentines.

Yellow corn prices dropped to \$2 a crate the first of the week, but demand was steady. White corn sold for \$2.50 a crate.

The celery market opened at \$3.25 to \$4 a crate. Volumes were light but were expected to pick up next week. The quality, the demand and yield were reported good.

Green peppers brought \$3 a hamper over the weekend and radishes were selling for \$2 on baskets of 30 eight ounce cello bags.

Other vegetables reported going to market were: eggplant, squash, cucumbers and field peas.

Blue Devils Play Vero There Tonite

The Pahokee High Blue Devils have another man-sized job cut out for them this Friday evening when they travel to Vero Beach for a game with the Indians who have a 4-2 record to date, losing only to Miami Senior High and Pompano. The Blue Devils will be still seeking their first victory of the season within the Suncoast Conference.

Against the Stuart Tigers last Friday night Coach Web Fell's men put up a stout defense but were finally defeated by the Tigers, 14-0. The Blue Devils greatest threat to the Tigers came in the first quarter when they drove to the Stuart 4 before losing the ball on a fumble.

Executive Board Girl Scout Council

Mrs. Frank Friend attended a meeting of the nominating committee of the Girl Scout Council's executive board held at the home of Mrs. Thomas Vernon in West Palm Beach Tuesday. Mrs. Friend was guest speaker at the Wednesday luncheon meeting of the Belle Glade Woman's Club, where she gave a talk and demonstration on the making of Christmas decorations.

Mrs. Trina Wilson and daughter, Kay, of Miami were recent guests of her parents, Mr. and Mrs. Marvin Vandegrift, in Pahokee.

Phone Company Aids Many Mute Persons

A new self-contained electronic artificial larynx for persons who have lost their voices through surgical removal or paralysis of the vocal cords has been developed at the Laboratories.

Planned for distribution in 1960, the new electronic artificial larynx will be manufactured by Western Electric and distributed nationwide by operating companies of the Bell System.

Persons who have lost their voices can communicate by means of esophageal speech—that is, speaking with air which is first swallowed and then released from the esophagus in a controlled manner. This is considered by medical authorities to be the method of choice. However, many cannot do this. And they may be helped by an artificial larynx.

Pick your savings target and shoot straight for it!

A home . . . financial security . . . a business of your own. Important savings targets like these cost money—a substantial sum—and more than most of us have. But here's a sure way for you to score a bull's-eye and walk off with the big prize you want.

The secret of saving is system. And the simplest, most automatic saving system ever devised is the Payroll Savings Plan. Best of all, you do more than save through Payroll Savings. You invest your money, too, and make it grow. Here's how it works:

Tell your company pay office how much you want to save each week. Then each pay period that amount will be put aside for you before you have a chance to spend it. Your money will go automatically into U. S. Series E Savings Bonds.

Because Savings Bonds earn good interest—3% compounded semiannually when held to maturity (9 years and 8 months)—they're soon worth much more than you've invested in them. And your Bonds will continue to pay this same good interest as long as 19 years and 8 months. That means a return of up to 80% more than you originally paid.

And remember this. There's no guesswork or chance about the Payroll Savings Plan. It's absolutely safe and sure. Invest just \$7.50 a week. In 5 years you'll have Savings Bonds worth \$2053 in cash; in 10 years, \$4443.

Even if you've never been able to save before, this plan is guaranteed to work for you. So sign up today for Payroll Savings where you work—or invest in Bonds regularly where you bank.

For the big things in your life, be ready with U. S. Savings Bonds

*Uncle Sam made the bonds you own
an even better bargain!*

Now your maturing Series E Bonds can earn interest 10 more years at 3%

PRESENT TREASURY REGULATIONS make it possible for you to collect a return of as much as 80% on the Series E Savings Bonds you already own!

For now those Bonds which you invested in 10 years ago can go right on earning interest for ten more years without your doing a thing about it! That is true not only of the Bonds which you have held for ten years, but any other Series E Bonds which you have invested in in the meantime. And any Series E Bonds which you obtain now will also enjoy the extended earning period. They will start earning interest sooner and mature earlier, too, paying 3%, compounded semiannually.

The Bond you got for \$18.75 can now pay you \$33.67 . . . a \$37.50 Bond will be worth \$67.34 . . . and so on.

Of course, any Series E Bond may still be redeemed at any time after you have held it for two months. But, like any other form of saving, your Bonds will mean a great deal

more to you if you can hold on to them.

Are you one of the millions of Americans who are saving regularly with Savings Bonds through the Payroll Savings Plan? If you're not, why not start now? Invest regularly in Bonds through the Payroll Savings Plan where you work. Ask your pay office to save as little as 25c a week for you, or as much as you are able.

If you can save just \$5 a week regularly through the Plan, in five years you will have \$1,367.90 . . . in 9 years and 8 months, you'll have \$2,850.70 . . . and in 19 years and 8 months, \$6,872.45! This Plan is one sure way to save because it saves something out of every check before you have a chance to spend it.

So join the Payroll Savings Plan where you work today. Or, if you are self-employed, start the Bond-A-Month Plan where you bank. It's safe, it's sure, it's automatic. And you will be helping yourself and your country!

If you want to be paid
your interest as current income—
invest in 3% Series H

If you want a good, sound investment which pays you your interest by check every six months, ask at your bank about United States Government Series H Bonds. Series H is a new current income Bond available in denominations of \$500 to \$10,000. Redeemable at par after 6 months and on 30 days' notice. Matures in 9 years and 8 months and pays an average 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Series H may be purchased at any bank, annual limit \$20,000.

Now even better! Invest more in Savings Bonds!

The society voted to send a Christmas gift of money to the hospital for mental patients and to prepare a Christmas basket of food and gifts for a needy family in the community. Mrs. R. J. Schroder, Christian social relation secretary, will be in charge of this project.

a castle in the air costs nothing —but you can't live in it!

Make your dream house come true! It's easy —through Payroll Savings!

If you think you can't own the home of your dreams because the down payment's too steep, chances are you've never tried the Payroll Savings Plan. Because this is the easy, automatic way to meet any down payment—for a house or any large purchase.

Just do this: Sign a Payroll Savings application at your pay office, naming a certain sum to be kept aside from your pay before you get it each week—a few dollars or as much as you want. After that, you're saving automatically—nothing to worry about, nothing to do. And, best of all, the money saved out of your pay each week is automatically invested for you in U. S. Savings Bonds.

Because Savings Bonds earn solid interest—3% cumulative continuously when held to maturity

—the few dollars saved from your pay each week soon grow into big generous amounts. For instance, if you sign for \$12.50 a week, in just five years you'll have \$3,348.93 cash. In 9 years, 6 months, you'll have \$7,327.20!

So don't let down payments get you down. Meet your needs for ready cash the way more than 8 million other Americans are meeting theirs—join the Payroll Savings Plan today. Or, if you're self-employed, invest in Bonds regularly where you bank. Start now to make your dreams come true!

If you want your interest at current income, ask your bank about Series H Bonds, which pay dividends monthly to Treasury check.

"IT'S CERTAINLY
THE MOST
BEAUTIFUL CAR
OF ITS SIZE!"

"AND IT'S THE EASIEST
CAR IN THE WORLD TO OWN!"

**FALCON, the New-size Ford, is
America's lowest-priced 6-passenger car***

The Falcon is priced up to \$72 less than its rear-engine competitor . . . as much as \$124 less than other American-built, so-called compact 6-passenger cars. And the new Ford Falcon is the easiest car in the world to own. Just look at these Falcon superiorities:

Beauty and economy! The Falcon has the clean lines and the uncluttered good looks of the glamorous 60 Fords. Diamond Lustre Finish *never* needs waxing. Galvanized structural members resist rust and corrosion. Bolt-on front fenders cost less, replace easily.

Seats six passengers with all their luggage. The Falcon easily seats six big adults in built-in, fold-down seats. There's no floor-mounted gear shift to interfere with center front-seat passenger. Big luggage compartment in the rear holds over 23 cu. ft.

Up to 30 mpg. The Falcon's outstanding gas economy was *proven* when a fleet of Falcons traveled every mile of numbered Federal highway in Economy Run, U.S.A. Another savings: The Falcon goes up to 4000 miles between oil changes.

Front-mounted engine. For stability and handling ease, the Falcon's six-cylinder engine is mounted up front. And there is plenty of free heat from the Falcon's fresh-air, hot-water heating system, with no sacrifice of gas mileage in cold-weather driving.

New luxury interiors. You'll find the same quality materials and taste in design as in the big new Fords. Door panels are fully upholstered. Front seat cushions are generously foamed. Thick rear insulation guards against heat and noise.
